

Mackey::memoChangeBasis

```
graph LR; A[Mackey::memoChangeBasis] --> B[Mackey::intexp]
```

A diagram showing a mapping from the expression 'Mackey::memoChangeBasis' to 'Mackey::intexp'. The first expression is enclosed in a gray rectangular box with a black border. A blue arrow points from the right side of this box to the left side of a second rectangular box. The second box is white with a black border and contains the expression 'Mackey::intexp'.

Mackey::intexp
